 - Vinorelbine
 - Carboplatin
 - Cisplatin
 - A and B
 - A and C
- CALGB 9633 studied patients with which stage of NSCLC?
 - IA
 - IB
 - IIA
 - IIB
- CALGB 9633 showed a ___% improvement in absolute survival benefit at 4 years?
 - 4
 - 8
 - 12
 - 25
- The overall 5 year survival rate in the IALT study improved by ___% with adjuvant chemotherapy?
 - 2.8
 - 4.1
 - 6.9
 - 11
- UFT is a combination of
 - Uracil and tegafur
 - Uracil and FUDR
 - 5-FU plus tegafur
 - FUDR plus tegafur
- The IALT study studied which adjuvant agents?
 - Vinorelbine
 - Carboplatin
 - Paclitaxel plus additional drug chosen by treating physician
 - Cisplatin
 - Cisplatin plus additional drug chosen by treating physician
- Overexpression of which enzyme may be responsible for relative inactivity of 5-FU?
 - tyrosine kinase
 - thymidine phosphorylase
 - dihydropyrimidine dehydrogenase
 - pyruvate kinase
- The NATCH study will have which study arms?
 - Surgery alone
 - Neoadjuvant chemo plus surgery
 - Surgery followed by adjuvant chemo
 - A and B
 - A, B and C

For a maximum of 1 AMA PRA category 1 credit, please fill out the form below and fax to (408) 378-4511. Your e-mail address is required to receive CME Certificate.

Instructions for CME participation:

- Read the article and then record your answers to the CME questions.
- Indicate time spent completing this activity. You will be rewarded a certificate of credit for the actual time spent up to the maximum number of credits designated.
- Answer the optional evaluation questions to help improve future CME activities.
- Fax this sheet by Oct. 6, 2006. Upon successful completion, a certificate will be e-mailed to you. Please allow 4-6 weeks to receive your certificate.

Evaluation questions

Please rate this CME exercise according to the scale: a. Excellent b. Very Good c. Satisfactory d. Inadequate

- How would you rate the effectiveness of the article in meeting its stated objectives? A B C D
- How would you rate this information in enhancing your professional effectiveness in adjuvant chemotherapy for non-small cell lung cancer? A B C D
- How would you rate the timeliness of content? A B C D
- Please rate the freedom from promotional or commercial bias in this newsletter. A B C D
